Share your Tri-C Commencement experience on X @TriCedu #TriCgrad

The appearance of a name in this program is presumptive evidence of graduation and graduation honors but should not be regarded as conclusive.
The signed and sealed diploma of Cuyahoga Community College remains the official testimony of the possession of the degree.

Trina Evans

Recipient of Honorary Degree

Trina Evans

Trina Evans is an industry-leading financial services executive with more than 30 years of experience.

As the chief of staff and the director of the Corporate Center at KeyCorp — a \$190 billion financial services company with more than 18,000 employees — Evans leads teams responsible for client, colleague and community experiences, public relations, government affairs, diversity, equity and inclusion, philanthropy and more.

Evans has earned a reputation as one of the industry's most civic-minded leaders. She sits on the board of directors of the Bank Administration Institute, the industry's leading research partner. She also serves on the boards of trustees of the Cleveland Food Bank (analytics committee), the Rock & Roll Hall of Fame (marketing committee) and the Greater Cleveland Sports Commission (executive committee). In addition, she serves on the visiting committee of the Weatherhead School of Management at Case Western Reserve University and is a member of the National Association of Corporate Directors. She is a director emeritus of the Cuyahoga Community College Foundation.

Evans holds a Bachelor of Science in Business Management from Case Western Reserve University and an MBA from the Weatherhead School of Management. She also earned a master's degree in banking from the American Bankers Association's Stonier Graduate School of Banking at Georgetown University.

Student Speaker

Ayodele Onoyungbo

Student Speaker Ayodele Onoyungbo grew up in Lagos, Nigeria. At Cuyahoga Community College (Tri-C®), she studied the social sciences, humanities and arts while pursuing her associate degree. In the fall of 2024, she will transfer to a four-year institution to study international relations and economics. Onoyungbo dreams of becoming an ambassador and working with international organizations, such as UNICEF, the World Economic Forum and the Department of Political and Peacebuilding Affairs. In addition to making the dean's list every semester at Tri-C, she was the vice president of service for Phi Theta Kappa. She also earned a full-ride scholarship to a four-year institution through the Jack, Joseph and Morton Mandel Scholars Academy. Onoyungbo was named the 2024 New Century Transfer Pathway Scholar and was the top-scoring student from Ohio in the All-USA Academic Team competition.

Onoyungbo used her time at Tri-C to engage in extracurricular activities, serving as a Democracy Fellow and volunteering at organizations like Greater Cleveland Volunteers, the Brain Injury Association of Ohio and more. Her internship experience at the Fair Housing Center for Rights & Research and job shadowing at the Federal Public Defender's Office inspired her to pursue a career in public service. Onoyungbo hopes to fill what she calls her "last summer of freedom" with light traveling, internships and spending time with friends and family.

Commencement History

Academic Regalia

Traditional academic regalia originated in 12th-century England with the robes worn by the monks who administered Oxford University. In the United States, the use of academic regalia dates to 1754 and the founding of Columbia University. The standards for academic regalia styles and colors were established in 1895 and are maintained by a commission of college and university officials.

As seen today, regalia typically consists of three items: the robe, the mortarboard and the hood. The robe is usually black, although institutions may sanction the use of other colors. The style of the robe

changes for associate, baccalaureate, master's and doctoral degrees. The width and style of the sleeve and the length of the hood increase with each advanced degree. The mortarboard is adorned with a tassel: black for those who have earned an associate, bachelor's or master's degree, and gold for those who have earned a doctorate or are governing officers of an educational institution. In the hood, the color of the velvet border identifies the academic field in which the degree was earned, and the colors of the lining are the official colors of the institution that granted the degree.

Students who have achieved academic honors wear a gold honors cord. The honors cord indicates that the graduate has a cumulative grade point average of 3.5 or greater. U.S. military veterans wear a red, white and blue medallion.

Phi Theta Kappa, founded in 1918, is recognized as the official honor society for community colleges by the American Association of Community Colleges. Members of Phi Theta Kappa may wear the society's honor stole, made of gold satin and embroidered with the society's Greek letters and seal.

Yellow: Science

The Legend of the Stole of Gratitude

Every graduate has had a special person who, through moral or financial support, made a big difference in his or her life. The Stole of Gratitude offers an opportunity to say "Thanks for making it possible for me to succeed!"

After the ceremony, the new graduate presents the Stole of Gratitude to someone who provided extraordinary

support or who has helped with wisdom, words of encouragement or financial assistance.

Immediately after graduation, the graduate may take the stole from around their neck and place it around the neck of the recipient. If more than one stole is worn during commencement, they symbolize multiple persons who will

receive Stoles of Gratitude.

Presenters often write a few words of love and appreciation on the back of the stole using a permanent, fine-tipped marker. Friends and family of the graduate may autograph the front or back. The Stole of Gratitude is a lasting symbol of love, appreciation and academic accomplishment.

Congratulations, graduates!
